

**ANNEX No. 1 to "RULES FOR PARTICIPATION IN THE ERASMUS + KA131 PROGRAMME AT THE  
MEDICAL UNIVERSITY OF LODZ IN THE ACADEMIC YEAR 2024/2025"**

**of November 14, 2024**

**STUDENT TRAINEESHIP MOBILITY**

**II. Rules for financing of students for traineeship mobilities abroad under the Erasmus + Programme**

**The point changes:**

1. Each participant who is covered by a financial agreement is entitled to financial support for the duration of physical mobility and may benefit from additional, individual support for travel days.

In the case of a standard journey, regardless of the kilometers covered, the participant may receive an additional flat-rate funding for a maximum of 2 days of travel if the journey takes place on days other than the start and end of the mobility period.

However, in the case of travel under "Green Travel" (low-emission means of transport), an additional flat-rate funding is available for a maximum of 4 days of travel if the journey takes place on days other than the start and end of the mobility period, depending on the documented number of travel days and in accordance with the following ranges:

- up to 2000 km - maximum 2 days of travel
- over 2000 km - maximum 4 days of travel

Kilometers are calculated using the distance calculator available in the Erasmus Programme
